👤 PROFILE

I'm Bolarinwa Damilare by Name, a skilled full-stack developer passionate about crafting seamless user experiences. With expertise in HTML, CSS, JavaScript, and frameworks like React, Next.js, Node.js, Express and React-native , I build responsive, scalable, and maintainable web applications. My skills include:

- Writing clean, efficient, and well-documented code
- Collaborating with teams to deliver high-quality products
- Staying up-to-date with industry trends and best practices

I'm excited to bring my skills and enthusiasm to a company looking to elevate its digital presence. Let's work together to create exceptional user experiences that drive results

📁 PROJECTS

Game Hub
GameHub is a video game discovery web app that helps you find new and interesting games to play. With GameHub, you can search for games by platform, genre, and more.

E-commerce platform
A comprehensive admin dashboard for your e-commerce, including UI animations, advanced text editing, image uploading, product management, and detailed analytics.

Vidly
This project is the front-end of Vidly, an imaginary video rental app.

🏠 ORGANIZATIONS

Wasco
I'm a front-end developer at Wasco, a cutting-edge blockchain company revolutionizing secure digital transactions. We aim to empower individuals and businesses with transparent, decentralized, and accessible financial solutions. As a front-end developer, I play a crucial role in designing and building intuitive user interfaces for our web applications, ensuring seamless interactions with our blockchain technology. I collaborate with cross-functional teams to develop responsive, scalable, and secure frontend architectures, delivering exceptional user experiences that drive adoption and growth. My work directly impacts the accessibility and usability of our crypto solutions, shaping the future of finance.

🎓 EDUCATION

Computer Science
The Polytechnic Ibadan
present | Ibadan, Nigeria

WiseWear
Full-stack developer
present | Ibadan, Nigeria
As a Full Stack Developer, I design, develop, and maintain the e-commerce platform for WiseWear, a leading online clothing store. My responsibilities include:

Front-end:
- Crafting engaging user interfaces using HTML, CSS, JavaScript, and React
- Ensuring seamless user experiences across devices and browsers

Back-end:
- Building robust APIs and server-side logic using Node.js, Express, and MongoDB
- Integrating payment gateways, inventory management, and shipping APIs

Database:
- Designing and optimizing database schema for efficient data storage and retrieval
- Ensuring data security and scalability

impact:
- Delivering a fast, secure, and intuitive online shopping experience for customers
- Driving business growth through innovative solutions and process improvements
- Contributing to the success of WiseWear as a leading online clothing retailer.
